

## EMERGENCIES

If any emergency arises during regular office hours, please call the office and you will be seen immediately. After hours Dr. Lindhorst can be reached by calling the office number and having the answering service forward the call.

## PAYMENT POLICY

Our office will gladly file your insurance claim as a courtesy. We ask that you pay the **estimated** difference between your insurance coverage and the actual charges for treatment in full at each appointment by cash, check or credit card. If we do not receive payment or receive only partial payment from the insurance company in five weeks after the submission of the claim, you will be expected to pay for all dental services. In cases of extensive treatment, special financial arrangements may be made with our financial coordinator.

## EDUCATION AND COMMUNITY SERVICE

Our staff is very excited about dentistry and about good oral hygiene. We provide individual education on brushing and flossing to each and every patient at each appointment. We have also created a special educational program for the area preschools and elementary schools where we teach children about oral hygiene in a fun, animated and interactive way. We also participate in community service projects in the Houston area.

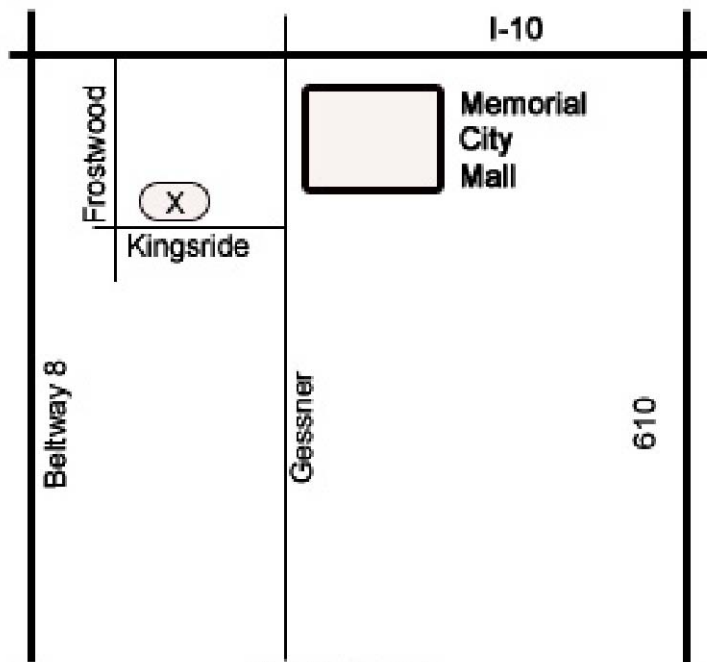

## OUR WEBSITE

[www.smiles-for-kids.com](http://www.smiles-for-kids.com)

Please visit our website for more information about our office as well as interactive materials for the children such as brushing charts, games and forms you may bring to your visits or instructions you may refer to before or after particular treatment.
